

BENEDETTI & BIANCO LIVE!

Benedetti & Bianco is a project born of the need for expression of **Nacho Benedetti** and **Franco Bianco**, directed to the dance floor without complexes or gender distinction. Purism seems to be a bad word for these two **South American** musicians who have extensive prior experiences with similar artistic roots. Grabbing from the musical traditions of **Uruguay** and **Argentina**, they began remixing vinyl with **Alexi Delano** and other huge figures of the worldwide scene. Their mixes go from **techno** to music of the “**Rio de La Plata**” region while their intention is *having fun and creating something different to dance*. In 2011 they will conduct the tour "**Benedetti & Bianco Live!**" presenting the EP "**Jorge Drexler Remixes**" which will be released on **Dilek Records** in vinyl, CD and digital. The work includes remixes of the Canadian **Mike Shannon** and **Jesper Dahlbäck** from Sweden.

Nacho Benedetti was part of the duo **Omar**, who has collaborated with artists as diverse as **Bajofondo**, **Jorge Drexler**, **Luciano Supervielle**, **Adele** and **Paulinho Moska**, among others. Benedetti participated in the album "**12 segundos de oscuridad**" of Jorge Drexler, conducting alongside **Juan Campodonico** the sonorous digital interferences of the album. Together with the group of producers **Bo Tracks** he has remixed **Ximena Sariñana**'s tracks and has also made a remix of Bajofondo's hit track “**El Mareo**”.

Franco Bianco currently resides in Switzerland and his music has taken him on tour around the world (from Australia to Ecuador, through Egypt and Japan). In Europe he is a very popular Live! Act and DJ, and in countries like Cyprus, he is a reference of the electronic music scene. His videos, available on YouTube and other social networks, are visited by thousands of fans. His **vinyl albums** (the last two sold out) are used by renowned artists such as **Hernan Cattaneo**, **Laurent Garnier** or the legendary **Danny Tenaglia** among others. 2010 found him on tour, sponsored by **Yamaha**, introducing his Live! Act with **Tenori-On**, with whom he has stepped strongly into New York, Moscow, Zurich, Tokyo and Beirut among many other cities.
