

# **Lineas de Nazca**

## *Biography*

*Lineas de Nazca it's a Mexico City's electronic live act project, been part of the Mexico underground since early 90's, performing under different names and projects. In the year 2001 Lineas de Nazca is launched, a project designed to explore and give a flow to the sound within.*

*Since then the project have been all over Europe bringing the sound of today's Mexico underground electronic movement, from clandestine techno parties in Berlin's warehouses to multimedia festivals in Barcelona and open air parties in Mexico and Sweden.*

*Lineas de Nazca sound is dense, minimal tech funk; spiced with twisted sampling, creating endless rhythmic structures...*
