

Mike Wall

Biography

His productions sounds like the perfect connection between minimal techno and groovy beats. Creating his own style of Techno is the reason he's doing fantastic livesets aswell including all the different sound structures, glitches, bleeps and basses he's interested in and let him feel balanced. As owner of the label "Toppaz Digital" he's responsible for finding new talents and doing great party nights in Berlin. Playing rare records, pushing no name labels and artists and having the best fun out of it is his credo.
