.....

Dilek Records presents its first **various artists** named **Okul**, which means school in Turkish. This name isn't just random, mainly because during the first three years of existence of our label, we had the chance to learn a lot and above all, live countless **challenging situations**.

During the last years, we invited many **talented** and well know artists to join our family. We've had the opportunity to release amazing EP's and remixes, plaid by all the **most important** and successful **producers** of this industry.

For the beginning of this new year, we decided to **collect** our **bestsellers** and unveil this brand **new** series of **brilliant** productions. We selected one track from each of our **vinyl** releases from our **first** one until our last and most **recent** EP.

We were thrilled to work with so many amazing artists, and now you'll have the opportunity to **enjoy** and **discover** all of them together over this **stunning** special **selection** of **eight** tracks coming from our **family**.
